

Abeego Designs Inc.

Abeego is a new “peel” that picks up where nature’s peels leave off. Their reusable, beeswax food wrap preserves and protects your food and lets it breathe at the same time. Abeego wraps cheese, keeps herbs, covers salads and more in kitchen’s worldwide. Abeego is an example of category innovation – it’s the first to market product of its kind, set on revolutionizing the way we Keep Food Alive.

Lunapads

Lunapads International is an award-winning women-owned social mission driven business based in Vancouver, Canada. Their goal is to help individuals have more positive and informed experiences of their menstrual cycles, and by extension, their bodies overall. They believe that using reusable menstrual products is a creative and empowering way to honor and care for ourselves and the planet.

Magnusmode

Magnusmode creates and sells products and services (e.g. mobile apps, training tools etc.) that help corporations increase the accessibility of their services for people with autism and other cognitive special needs. These products also help people with cognitive special needs to live with greater independence, inclusion, and happiness in society. The company’s flagship product, MagnusCards™, is used by large multinational corporations like CIBC and Tim Hortons to guide people to order a coffee, take the subway, use an ATM or go to a sports game in a highly engaging way.
